

Peavey PV Low Impedance Dynamic Cardioid Microphone - Good Condition (15 GBP)

Location **East of England, Hertfordshire**
<https://www.freeadsz.co.uk/x-269085-z>

The PV is a cardioid unidirectional dynamic microphone designed for applications in which a built-in "on/off" switch is desired. With a clean, natural speech response and good noise and feedback rejection, the PV is an ideal response microphone for vocals, church and institutional systems, meeting rooms.

The internal shock-mounting system minimizes handling and stand noise. The PV is a rugged, reliable microphone well-suited for rental systems, convention centers and similar rough usage applications.

The PV mic gives the look, feel, and performance of expensive professional microphones at a fraction of the price.

- FEATURES:**
- | On/off switch in handle
 - | Clean, natural sound
 - | Cardioid unidirectional polar
 - | Low pop and handling noise

Good quality mic in good condition and working order - With Original Peavey carrying bag. (No Category
