Panasonic BTT190 bluray player & 5.1 surround sound speakers / subwoofer £140 ovno

Has original box, remote, speaker cables and even the cable pins.

1000w speakers, 2d & 3d bluray / dvd player. CD player, USB port supports ipod, ipad, iPhones via USB cable. Can even plug is usb sticks or hard drives with films on and play back through there.

Blu-ray player rarely used. I did try playing a bluray the other day but it didn't want to play properly. not sure if it needs a software update (needs to be hard wired or have a dongle) or if it's because it was a imported european music bluray.

It mainly used for listening to my music via ipod (it has a usb / ipod port)

Cash on collection preferred - crawley, west sussex

no returns / refunds.
