

# For Sale - Ford Transit Tipper Truck (4,850 GBP)

Location

**South East, Middlesex**

<https://www.freeadsz.co.uk/x-270330-z>

This truck is exceptionally clean for the year, I've seen worse 13 plate Transits! Within the last year I have had a new clutch and solid flywheel, starter motor, front discs and pads, wheel bearing, drop links, bushes and a new battery. My mechanic has the service history for the time I have owned this truck which is just over three years. There is a problem with the gearbox however, being that you cannot use third gear, but it drives really well through all the other gears and doesn't make any difference to how it drives, even under load. The engine management light stays on as does the brake pad light, but went through the MOT as an advisory. The tipping gear works like brand new. The tipping body is in good condition, just has a couple of small holes in the floor, nothing major. This truck is advertised elsewhere so can be removed anytime. Cash sale only not interested in swaps or p/ex. All sensible offers will be considered. Please feel free to contact me (Mark) anytime of day.
