**Motion Activated Security Floodlight**

MOTION ACTIVATED SECURITY FLOODLIGHTS. Burglars prefer to operate in the dark! We supply and install PIR (passive infra red) security lights. Prices start from £25. This price applies to the replacement of an existing outside light, and the supply and installation of one new security light (as per picture), in the same location. Product Specification: 120W. Mains powered 220-240V. Eco Halogen energy save bulb. Motion activated floodlight (PIR). Detection distance 10 meters. Adjustable detector - 24 hours or night only. Adjustable detection field. Adjustable timer - 5 seconds to 10 minutes. Metal casing. Strong, long lasting product. Recommended for exterior walls. British standards approved. Sold at B&Q and Homebase. For more complex installations (where new wiring will be required), prices may vary, depending on the complexity of the job. We can also install other types of security lights of your choice, to a new location (subject to agreement, prices may vary). We will also inspect all your sockets and light switches and fittings, for an extra £15 only (subject to your agreement), for your peace of mind. Any other extra work will also be subject to agreement. We are based in Southampton, but we are prepared to travel further afield. We are professional, polite and friendly, and our prices are extremely reasonable and competitive. We also provide a "Handyman Service". Please see my other advert. We will also produce a "no criminal record certificate" for your peace of mind. No canvassing please. Only customers may call. Thanks. ;
