Welcome to the sale of my Beloved BMW M5! ***** It has come time to sell the BMW M5 facelift with an Eissenman Race Exhaust WITH that authentic V10 sound!!! I purchased the M5 in 2014 and have enjoyed every minute of it especially with the upgraded exhaust. It has been a faultless drive and i have spared no expense in keeping the car in pristine condition both Visually and mechanically and is locally a real head turn and talking point among the local BMW enthusiasts. The specification is High as you would expect with any BMW M5, and these are some of the key points; 57 Plate facelift Model 62,000 genuine miles 19 M6 Alloy wheels with the wider rear offset (Genuine) Head Up Display Privacy Glass Silverstone II Paint Silverstone II interior Heated Seats Memory Seats Fully Electric seats Aux Input DAB Radio CD changer Eisenman race exhaust 2 BMW Key fobs The service history is all BMW approved dealerships until the last stamp which is a highly regarded local BMW independent garage. I have all the handbooks etc that came with the car I have had 2 new pirelli front tyres recently fitted as well as relatively new rears not long before The exhaust system is just under a year old and the original exhaust system is available. The Car passed its MOT without any issue or advisory and expires in November 2016. The Oil Service is due in 3,000 and will most likely be done shortly at BMW as i dont tend to leave it til the last minute The reason for sale is genuine, I always wanted a BMW M5 V10 but as it is now ticked off my wish list and i do not need 4 doors or that much space i have purchased a 911 instead to suit my needs. Additional images are available on.
