My name is Doliz Miah, currently living in the town of Rochdale in the North West with my wife and two children. My main profession of work is an Infrastructure Systems Engineer. Having spent many years indulging in my passion for Photography I finally took a leap of faith and DolizMiah Photography was born. I have been blessed with two beautiful children and as such I am well aware of how important it is to create precious memories, they grow so fast and it's always an amazing feeling looking back at those perfect pictures which completely encapsulate the emotions of that particular moment. Having completed studies in Art and Design, paired with over 12 years experience in IT Systems and a keen eye for detail I am perfectly suited to capture those special moments which can be viewed and relived time and time again. I have already had so much experience and opportunity to capture some very special moments for nearest and dearest and a broad range of clients, and want to expand throughout the region as a successful and valuable photographer. We offer a range of services to suit all budgets. We aim to exceed your expectation on the service you receive
