

# White front load washing machine, ZANUSSI IZ16, works but old (20 GBP)

Location **East of England, Cambridgeshire**  
<https://www.freeadsz.co.uk/x-274031-z>

White Zanussi washing machine - model IZ16 with a sloping front rather than straight down, with instructions. No pipes or connections included. The washing machine is quite a few years old, and some of the plastic has gone yellow (looks beige in the photo). The machine has a detergent dispenser drawer, a push button control panel, door locked light, child safety feature and adjustable feet. The washing machine only works if the cotton cycle is selected, but then you chose the temperature and spin speed, so it still works with synthetics and delicate washing, you just select the temperature required. Apart from this, there are no problems with the machine and it is in good working order. As we are still using it, I will require some notice between you purchasing the machine and collecting it, as it will need disconnecting. Needs a van or similar sized vehicle, and 2 people to move it to the van. Contact preferred by.
