Here we have an excellent Suzuki GSF 1250 GT. This bike has a documented service history and has had no expense spared in maintaining it. The bike comes with all original keys and manuals as were supplied new. The paintwork has a few small stone chips but you really have to be looking for them to notice. The bike comes with a factory fit immobiliser, this stops a cloned key or screw driver being used to start the bike. This bike is fitted with an Anti Lock Braking System (ABS), giving you more confidence while riding. This would make an excellent commuter bike. Also fitted with a centre stand to make washing and maintenance a whole lot easier. Adjustable heated grips are fitted on this bike for the cold days. The bike comes with a set of lockable Hard Luggage, great for those trips away. A Top Box is also fitted to this bike, very useful for commuting to work or carrying your waterproofs in case the rain comes. A Hugger has been fitted not only for looks but to keep the dirt from the road hitting the paintwork. Fitted with hand guards, these really are a blessing on cold days. This bike is fitted with a touring screen making those long rides more enjoyable. A tank pad has also been fitted to the bike, these protect the paintwork from rubbing with the rider's jacket. Being fitted with Adjustable Brake and Clutch levers enables the rider to set up the bike as they want it. The bike has also been fitted with a performance exhaust, this allows more of a growl upon acceleration and also allows the throttle to be a lot more responsive. This bike has a digital instrument display making it quicker and easier to see your riding information while riding. A fuel trip computer comes with this bike, it tells you your average MPG and also many miles you have left with your current fuel. The bike has been HPI checked and a Certificate will be presented with the bike. Viewing is welcome any time and we guarantee you won't be disappointed. We also offer nationwide delivery, so if you prefer us to
