An ideal first car or cheap run around. A Silver Citroen C3 Desire, 1.4 Petrol, has 72500 miles on the clock. MOT until September 2016 (was serviced at the same time), part service history, had a new clutch in April 15. Some blemishes on the paintwork due to sun exposure (I assume). Has been a decent little car, selling due to upgrading to a larger vehicle. Car located in Crawley (private)
