Here we have an excellent Suzuki GSR 600. The paintwork has a few small stone chips but you really have to be looking for them to notice. The bike comes with a factory fit immobiliser, this stops a cloned key or screw driver being used to start the bike. A Tail tidy has been added to the bike to give a more racing look and de-clutter to back end. A Hugger has been fitted not only for looks but to keep the dirt from the road hitting the paintwork. Fitted with a fly screen for that extra bit of wind protection and style. Top spec engine protectors have been fitted just in case the worst should happen. Saving your panels and wallet from taking a battering. A tank pad has also been fitted to the bike, these protect the paintwork from rubbing with the riders jacket. Stomp Grips not only protect the tank but allow you to firmly grip the tank between your legs. Being Fitted with Adjustable Brake and Clutch levers enables the rider to set up the bike as they want it. The bike has also been fitted with a performance exhaust, this allows more of a growl upon acceleration and also allows the throttle to be a lot more responsive. A radiator guard has been fitted to protect against stones damaging the radiator, they also look nicer. This bike has a digital instrument display making it quicker and easier to see your riding information while riding. A fuel trip computer comes with this bike, it tells you your average MPG and also many miles you have left with your current fuel. The bike has been HPI checked and a Certificate will be presented with the bike. Viewing is welcome any time and we guarantee you won't be disappointed. We also offer nationwide delivery, so if you prefer us to bring the bike to you just let us know! Give us a call for more info or pop in and view at CMC Cannock.

*NOTE: Alarms can be fitted to any bike at an additional**
