For sale is my BMW 428i M performance, with low mileage in a beautiful Metallic Melbourne Red with Black, Dakota Leather. I am the second registered keeper, with the first being BMW Vines of Gatwick which is where I purchased the car from the store manager at the time. As you can see this is a beautiful combination of colors, being the Melbourne Red, with the Carbon M-Performance features which include the front splitter, rear diffuser, rear spoiler, black kidney grill, side skirts, exhaust system, with the M Performance alloys alone costing £4,000 extra. I would also like to add in that this car has a Harman Kardon surround loudspeaker system which again was an extra. Since owning the car, I have not seen one quite like this, and is a real head turner with a great sounding exhaust.
