

BMW F Series 2004 (20 GBP)

Location **Wales, Carmarthenshire**
<https://www.freeadsz.co.uk/x-277902-z>

The bike is in good condition with only a few small scratches/blemishes with regard to engine paint which is to be expected for a BMW of this age.

I predominantly use the bike for commuting back and forth from my place of work since I took ownership. Looking at its good condition I would not think that it has been used off road by its previous owners. She'd make an excellent commuter or adventure bike.

The bike has been totally reliable and runs smoothly and powerfully. She's stored in my garage under covers currently while being used for commuting.

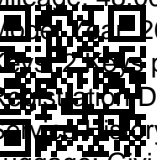

She can be seen running & I'll happily send more photo's/video's of her

– Any questions welcome.
