I've had this car now for just over 2 years and has never let me down
the interior is clean and tidy
the bodywork- there is a scratch with dent on the passenger side rear door which was my fault while trying to park.
rear window on drivers side has recently stopped going down, the motor still makes a noise so thats still working.
its missing it telephone but im sure you can get one on ebay.
all in all its a great car the engine runs very well I have serviced it and what ever needed to be fixed has been repaired.
auto gears change smoothly.
