Absolutely STUNNING Wedding dress designed by Pnina Tornai. I personally purchased it in Kleinfelds NYC and paid over USD \$8,000. Truly breathtaking in person! Description: Intricate crystal encrusted corset; super flattering as it holds you in, with cups that mold perfectly, finished with a full organza skirt. Size: would fit a 4-6, a 32B-C cup size. The corset cups can easily fit from a B to a full B/ small-C size, and can be expanded to accommodate a wider back measurement. The skirt is ample and will fit a variety of figures as well. If you have any questions or want more pictures please contact me. No returns. ;
