

STAIR CLIMBING SACK TRUCK - LIFTRUCK (90 GBP)

Location **London, London**
<https://www.freeadsz.co.uk/x-290377-z>

Stair climbing sack truck, a very practical and robust truck that easily climbs stairs, kerbs, doorsteps and similar obstacles. As shown in the picture the wheel hubs are made of Steel as opposed to the plastic hubs that you see on most others giving it extra stability when in operation with a load whilst the wheels themselves are cushioned rubber.

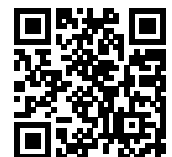

The tubular steel construction is ergonomically designed to provide safe transportation of goods both upstairs and downstairs. Folding footplate for minimum storage space. Note: it is recommended that with just one operator loads on stairs do not exceed 50kg. Model HT13121 Overall H x W x D (mm) 155 x 610 x 790 Footplate W x D (mm) 350 x 380 Capacity (kg) 150 Weight (kg) 22 Wheels (mm) 160
