I have two handsome KC Reg little boys looking for their forever home. Mum is my pretty Fawn girl and dad is my stunning Apricot boy. They are both KC Registered and both true to breed, head and stature. The pups have been brought up around my family and visiting grandchildren so they are happy well socialised little pups. Before leaving my home the boys will be vet checked and given their first injection. They have been regularly wormed since they were two weeks old and will leave me with their worming certificate. Pups will also take with them toys, blanket, sample of their food. Insurance, contract of sale and in depth paperwork on how to take care of your new puppy. They will also have a copy their pedigree and KC Papers. I want the best of family homes where they will be a much loved pet. Pugs make the perfect family dog. Their temperament is probably one of the most sought after features. They are decidedly friendly and outgoing even with strangers and especially seem to like children. They love living with other animals, Pugs have a playful disposition they will rarely display any sort of aggression making them a very suitable family pet. If you would like to visit the pups also their mum and dad please telephone to arrange your appointment. I ask for a £200 deposit to secure your pup and the balance would be paid when you collect your puppy at 8 weeks old. ;
