

Fiat Punto Dynamic 1.2 2005 (55) 3door (995 GBP)

Location **Scotland, Dunbartonshire**
<https://www.freeadsz.co.uk/x-295393-z>

Here we have a Fiat Punto 1.2 Dynamic 3 door in silver Reg:- SM55 RGU This was a trade in and we have done a safety check and had the car put through an MOT so MOT now runs to March 2017. The car required rear shocks and a bulb for its MOT.

Mileage is guaranteed and MOT history available to prove this. There is no service history except an Invoice for full service last June.

The car drives very well and has two keys. Alloy wheels and good tyres. It has as expected usual minor and the emphasis is minor dings / scrapes you would expect for a car of this age. As you would expect at this age the air con does not work. It may only need gassed but we have not investigated this. We highlight negatives points as we prefer customers to know as much as possible about the cars we sell and we prefer to be completely honest. I emphasize that this is a great running low mileage run about with over a year running on its MOT.

The car is low miles and has cheap insurance along with low running costs as a big plus point. It's a good car for a new / young driver and you are welcome to inspect and drive. Bring a mechanic or we can take the car to a local garage for inspection if required.

Now the important bit. Please read carefully This is a trade in car hence the very keen price. It is sold as seen / tried and tested by you having been safety checked and MOT'd.. We give no warranty with the car due to age.

We are honest in describing our cars and this is a good wee cheap run about for someone with no obvious fault (other than air con not working).

Please call for further details or to arrange a test drive or inspection.
