SKODA FABIA INSTRUMENT CLUSTER REPAIR (1999-2007)

£99

The Skoda Fabia Dash failure is quite a common fault. On this type of Odometer it is usually caused by internal components breaking down within the Instrument Cluster. The repair is carried out by fully qualified electronics engineers which involves stripping down the Instrument Cluster and replacing internal faulty components to rectify the problem. We do not offer "quick fix" we actually replace the faulty parts with new ones required.. Your mileage reading will also stay intact, so there is no need for mileage correction.

Your Skoda Speedo can be repaired at a fraction of the cost compared with the price of purchasing a new one. **COMMON ISSUES**

Failing warning lights Skoda Speedometer problems Flickering cluster Complete power failure Pixels failing on screen

REPAIR PROCEDURE

1. Remove the cluster using the instructions on the website
2. We will send you a print out of the instructions on our website you do not need to order the instructions with the instrument cluster
3. The repair kit including the odometer is included on the back side of the box. For reference
4. We will send you a return form, cut out the address label and ensure to return it in the box
5. We will send you a Royal Mail Special Delivery
5. When we have received the cluster and have repaired it, we will call you for payment via telephone

WARRANTY AND TURN AROUND
We offer a Lifetime Warranty (T&C's Apply), usually with a 24 hour turn around by post.
If you come to our workshop in Waterlooville (near Portsmouth) we are able to offer a friendly 90 minute fast track service. (Appointment only)
