Real Grand Expression; a phrase that defines the expressive capability of Clavinova. It is the key components of the sound, the touch and the pedals, together with the application of technology developed through a history of acoustic piano manufacturing. With Real Grand Expression, these elements are combined perfectly into a single instrument, creating the exact sound you want through the touch of the keys and the feel of the pedals. When you play a Clavinova, you can imagine that you are playing a grand.
