2004 FORD KA STREETKA LUXURY 1.6 MANUAL CONVERTIBLE

it has mot until October 2016 and has only done a very low 59000 miles with dvla print out to prove millage

it starts first turn of the key and drives really well

it has leather seats electric mirrors and more the roof has no leaks at all and is in full working order

the only bad points with this car is one of the alloys has a puncture hence the spare steel wheel on the front the alloy is in the boot

the passenger door only opens from the inside not sure why never bothered me as i only use the drivers door and its no problem to just lean over and open the passenger door

the other thing is the rear window has a split in it but doesn't leak at all and an easy fix if you want it mended

these are the only issues with the car and like i said this really is a lovely car to drive just way to small for me but a great fun car for someone to use in the summer

if you have any other questions feel free to ask
