This 250-R Ninja Has only covered 5600 miles from new and is in superb all round condition.Registered January 2009 fitted with heated grips and previously owned by a local family in Newton Abbot. Riders who are willing to be initiated in the wonderful world of motorcycling and prefer a sportier ride are most likely to jump on the Kawasaki Ninja 250R so it is best to know what to expect. Riders will definitely appreciate the 249cc parallel twin which has been retuned in order to spice up its smooth and predictable power delivery and the results are simply awesome. I now enjoyed more low- and mid-range rpm torque thanks to revisions to its dual overhead camshafts and a new two-into-one exhaust system. This last unit doesnâ€™t make more sound than necessary; letâ€™s say it has enough to do by delivering awesome performance just above idle. Condition:
