Two Avtex Televisions one with DVD 12v/240v both in good working order. One has the 12v connection missing and the other the 240volt connection missing. They both are complete with remotes and are both in good condition. I am selling for a friend who has sold his Motorhome and mislaid the parts. Avtex is one of the best for Motorhomes Boats or Home so these are a bargain for someone.;
