Here for sale is a mexican Fender Precision 50s reissue. I bought this bass new in 2012 and have loved it, however it needs to go! It has been gigged and used in the studio so has a lot of history but obviously it has the marks to show it. I has the standard wear and marks, but i've added as shot of the worst contender. Please feel free to come have a play on it, I recently put new strings on it, so grab it while they are fresh! I am after £450.
