As of 5/4/16 I have been left a DEPOSIT for this,so assuming funds go through this is now sold. I will update if there is any change.Thank you. I could have sold this five times to young families this week but the sticking point is that only the driver & passenger seats have seat belts,so do please consider this. I have also been asked the size,so got my tape measure out. It is 20 feet long and the back bumper is 7 feet wide,its 9 feet wide with the mirrors out but these do fold in easily. Reason for sale: This camper belonged to my father who passed away in October, it's on sale as part of his estate with proceeds going to beneficiaries. hence the lack of use in the last year. 1999(v) 4 BERTH MOTORCARAVAN 33.000 Miles only,MoT 11/5/2016,clean barn stored for the last year and only done 16 miles since last MoT.Diesel
 Many receipts
 Power Steering,Radio/cassette Player,5 Speed,fridge, oven, 4 burner hob, grill, blown air heating, hot water, theftord cassette toilet, shower, zig unit, acryllic double glazing,blinds,lined velour curtains,tv aerial with wired booster, reversible extractor fan, fitted carpet, cab mats, wardrobe, many cupboards.All appliance instruction manauls.Living space air-con.retractable large awning.Spare wheel.
 Drives without fault and in good condition throughout. Very easy to drive.More pictures available on request. If the short MoT is an issue you can get the reg from the picture and check MoT history at <https://www.gov.uk/check-mot-history>. If this is not sold by 12/4/16 I will get a new MoT on it which should be for 13 months,So check back later if in doubt.Last years advisories for the MoT were perished wiper blades,which I have replaced and poor pressure to the screen washers which I have just fixed,bit of corrosion on the electrical connection was the problem. So should now be ready for MoT. Thanks,
