This mountain bike has been used few times, over the 6 months that I've owned it, and it is in perfect condition, almost new. It has some amazing features, such as rear and front disc brakes, front suspension, 21-speed gears. It feels really good to ride, is very good-looking and is a very good bike overall. I intend to sell it only because I will fly back home and unfortunately can't take it with me. It is an excellent bike! Some pieces of equipment are also included in the price, such as: a helmet, a Reebok cable combination bike lock, cycling clear sunglasses, front and rear red and blue lights, a small flashlight, a yellow cycling gilet, a pair of yellow trouser clips, mud guards, water bottle, a kickstand, a set of tools to adjust the bike, gloves, two fleece adjustable neck/head warmers, bike silicone bands to hold flashlights, waterproof cycling trousers, front round basket. Some of these items don't show on the pictures, such as the lock, because they are mounted on the bike at the moment. I am available to arrange to meet personally to show the bike if you wish. Please feel free to contact me for any queries you may have, I will respond on the same day. ;
