Want to increase your pay? Want unlimited pay potential? Then come and chat to us.

We are looking for a hairdresser who is passionate about their craft. We are developing a team of highly skilled, passionate hairdressers who are proud of the work they do, and the place they work and who want to be well rewarded for that work. At HEAD to TOE Oxford we have fantastic clients, who enjoy experiencing our friendly professional environment, and we wish to grow that team with an enthusiastic and talented new stylist.

Is this you? You are a team player, looking to be the very best you can be, whilst helping those around you be the very best they can be. You have a positive and enthusiastic approach to life, and hairdressing, and you are passionate about giving the very best service to each and every client. You have a great sense of humour.

If this is you, then we want to hear from you. We offer industry leading packages for the successful candidate, in both the pay we offer, and the opportunities to earn constantly increasing wages, with up to five weeks paid holiday plus public holidays and additional benefits available.

If you are in a rut, or if you are running a busy column, but not earning enough, if you have no promotional opportunities, or lack the professional training you feel you deserve, then contact us now, we are waiting to hear.
