

RARE 1980039s Motorola 4800x analogue mobile cellular phone (vintage retro) (40 GE

Location **South East, Kent**

Packed in its original box this phone comes complete with 2X batteries, neither seems to hold a charge but I have read of ways to rejuvenate this type of battery.
 Also included is a mains charger and mains adapter for operating without a battery.
 This phone is in excellent condition considering its age and the unit fires up with the mains adaptor and all functions work apart from connecting to a network for obvious reasons. ;
