Black, Very clean and original, comes fitted with Lazer silencer and carbon fibre rear hugger. The original bike which re-wrote the rules on sports bike! The Honda CBR900RR FireBlade wiped the floor with its competitor motorcycles not by being more powerful (it wasn't) but by being lighter. Rivals were all well over 200kg, the first Honda CBR900RR FireBlade was just 185kg which made it perform superbly. It's still a wild ride and a surprisingly practical motorcycle too. Like any minimalist sports motorcycle there's few luxuries on the Honda CBR900RR Fireblade. But the Honda CBR900RR FireBlade has a couple of surprises up its sleeve. First it's not uncomfortable or cramped even pillion accommodation is good if a grab rail is added. Also there's an excellent boot luggage space under the rear seat. Despite making a motorcycle with revolutionary light weight, Honda didn't cut corners in terms of quality. Honda CBR900RR FireBlades can easily run to 100,000 miles with routine maintenance. Mileage is 32,397, please note the speedo will be showing in km. It is not a restricted bike and will be full power. The bike will be serviced and come with 12 months MOT. This bike has been imported from the Continent and will be UK registered on an age related number plate upon sale. The registration transfer paperwork can take 2 - 3 weeks depending on timescales from DVLA. The North West's finest family run motorcycle dealership, £2,995 p/x
