White, From the moment you get on the VF it feels snug and well fitting, certainly for Mr Average size like myself. Much work has gone into the ergonomics of rider happiness and the riding position just fits snugly. The deeply scalloped tank and side panels melt smoothly into the seat area to create a tailor made motorcycle. The bars just fall exactly where you arms end and the resultant ride is relaxed and trouble free. With a small nose fairing and dinky belly pan the bike looks like an overgrown Yamaha LC and doesn't feel that much bigger either. Mileage is 52,883, please note the speedo will be showing in km. It is not a restricted bike and will be full power. The bike will be serviced and come with 12 month MOT. This bike has been imported from the Continent and will be UK registered on an age related number plate upon sale. The registration transfer paperwork can take 2 - 3 weeks depending on timescales from DVLA. The North West's finest family run motorcycle dealership, £2,750 no
