

# FULL ELECTRIC MOPED UNREGISTERED IN THE UK (400 GBP)

Location **West Midlands, Worcestershire**  
<https://www.freeadsz.co.uk/x-325288-z>

Two speed modes: 0-30 and 31-50.  
 Got no registration number plate and it has not been registered in this country.

My dad brought this bike a few months ago but unfortunately we have no idea how to register it in the UK, its a lovely looking bike, clean and tidy, no marks, immaculate condition.

As this bike is not registered there is obviously no paperwork, there is the keys, electric charger and receipts will be provided.

If you know how to register a bike then this would be ideal for a first time rider or learner, it has cost us over 600 pound.
