

Ldv 400 1996 day van. (500 GBP)

Location

Wales, Mid Glamorgan

<https://www.freeadsz.co.uk/x-325641-z>

Sorry made a mistake with mileage 140,000 but engine is bombproof and runs well . Good project for someone looking to convert , needs some welding on chassis for mot and rear breaks . New front breaks and front tyres , 12v cooler box and adaptor for phone charging and DVD , been insulated under carpet and curtains I have slept nights away in this and is a good van for Lahr family . Mot till June , clutch is good , and not bad on juice either . Starts first time every time and since I've had it not had a hiccup . Only selling as my family has shrunk and am looking for a swap on a small car or cash sale . Needs a little tlc but the right person could make a tidy camper out of this it's halfway there .;
