Recording studio with experienced producer for hire

Location **South East, West Sussex** https://www.freeadsz.co.uk/x-326625-z

Whether you need to record, mix or master your songs, a friendly experienced producer with a centrally located studio can take you through the process to make a professional sounding record.

The studio is ideal for working on singer-songwriter and electronic projects. We have a collection of quality gear including Neumann TLM103 and SSL Alpha Channel for that pro vocal sound, plus a selection of other mics, outboard gear and instruments.

We have worked with indie artists and major labels on tracks that have had radio airplay and releases both nationally and globally. Check us out at jinnrecordsdotcom.

Our rates are very reasonable and flexible to your budget. Starting at £100/day with discounts for projects lasting 3 days or more. Get in touch to discuss your project and make some!
