Location North, Lancashire https://www.freeadsz.co.uk/x-330653-z

We stock products from some of the most well known brands in the industry including Brother, Epson, Panasonic, Canon, Fujitsu and Kodak. They include wireless scanners, flatbed scanners, copier scanners and more. The products we stock for computers come at a varying degree of prices, depending on whether you need technology for a small staff of people or for a major corporation with many employees. The top of the range commercial scanners that we have on offer are able to process a high capacity of documents at quick speeds of above 40 pages per minute. Some also come with exciting features such as one touch processing, optical character recognition so that text can be edited in a word processor, and image-editing software that can eradicate blemishes or.
