Average condition for the mileage. Some signs of wear and tear, needs some maintenance, but many miles left in this workhorse. Insane performance for such a substantial car - this was the M5 Tourer before the M5 Tourer was officially introduced. Has most of the upgrades, including M-Sport alloys and air-powered load-balancing suspension, electric memory seats, full leather etc. MOT through to November 2016. Engine was stripped, rebuilt and serviced including timing chain work in December 2013 at 139k miles. Done less than 20k since then. New radiator Dec 2015. Owned since 2008, significant stack of paperwork showing work completed since then - not at a BMW main dealer, third party garage specialising in BMW - lead mechanics are all ex-Chandlers. Comes with private registration plate.
