Whether it's your home or office, we offer a complete carpet and upholstery cleaning service that will fulfill your needs. For ten years we have offered the residents of Brighton and Hove, Peacehaven and surrounding areas a reliable, friendly and cost effective service. We can give a rough estimate over the phone or pop round for a free exact quotation and we always agree a price before commencing a job. Depending on the state of the carpet we always pre-spray (at no extra cost unlike some other companies) and spot clean any marks or stains before using specifically suited detergent for the job at hand. Perhaps many of you have thought of hiring a rug doctor or similar but there really isn't that much of a difference in price when you take the cost of all the extra chemicals and solutions you have to purchase. On numerous occasions I have been called after people have tried doing it themselves and need help in rectifying the situation. I have regularly worked at various well-known establishments and companies; including The Grand Hotel, Hotel Pelirocco, the Lion and Lobster Pub, The Bali Brasserie Restaurant, Just Lets amongst many others. Many private landlords call me back year after year to clean their flats and houses. And as many private lets have it included in their contracts to have the carpets steam cleaned I have provided many students with a service which has meant returned deposits in full. I won't give false hope if I don't think a stain or mark can be corrected and never believe anyone who can make such a promise. But I will always try my very best to achieve the best results. You can find many reviews either on Google or Facebook or Yell if you type in the company.
