- â—ITUUK Super Stainless Steel blade with trigger release for quick blade change.
- â— Pro TPU Outsole (Same as X700)
- â-lMolded Comfort EVA Foam Footbed

â—!TUUK LIGHTSPEED EDGE Holder Mine are a 2015 model, I have had them a while but I have only worn these twice but I made an error when I ordered them (I am a 9D and these are 9.5D) and they are actually too big for my feet even with thick socks - see Bauer's sizing chart as these are a generous UK size 10 - I had them sharpened 1/2 inch grind so they are ready to hit the ice for a person with the right size feet :-) Unfortunately no box as my daughter decided it would be good for an art project and painted it.
