Hi there! Are you a small business who'd like to be more active and 'out there' on social media like Facebook and Twitter but not sure where to start? Or maybe you just don't have the time? Or you'd like to run a blog for your business but finding the time is tricky or thinking of what to say is harder than you thought? As a freelance copywriter I work for small businesses looking to widen their online reach through their website, social media and blog. I work from home and charge a low hourly rate with no minimum contract. If you'd like to learn more then please feel free to drop me an email and I'd be happy to discuss how you can further your business!
