

SIP T1000 1000W 230V 4 stroke petrol portable generator (149 GBP)

Location **South East, West Sussex**
<https://www.freeadsz.co.uk/x-350776-z>

1000W max (900W rated power) 4 stroke petrol generator.

Very clean, as new condition with tools, box and instructions.

Has been run in for about 20 hours running a battery charger and then had an oil change. This is better than new condition as a brand new generator out of the box needs oil putting in it, running in at part load for 20 hours and then you can use it to full power after changing the oil.

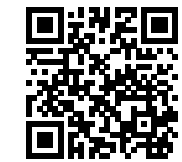

Has a single standard 13A type household socket, so no industrial plug adaptors required.

The 4 stroke engine is easy to start and does not smoke like messy, cheap, 2-stroke engines where you have to mix oil with the petrol.

Selling this one as I bought a more powerful 6.5kW.
