

Kawasaki ZX 2011 (7,699 GBP)

Location **West Midlands, Staffordshire**
<https://www.freeadsz.co.uk/x-352585-z>

Here we have an immaculate 2011 Kawasaki ZX 1000 R ABS. The bike is in untouched/standard condition, just as it came out the crate. This bike has a documented service history and has had no expense spared in maintaining it. The bike comes with all original keys and manuals as were supplied new. The paintwork is in great condition and has been fully polished by our on-site valet. The bike comes with a factory fit immobiliser, this stops a cloned key or screw driver being used to start the bike. With an alarm fitted for security, this will reduce those heavy insurance costs and give you more peace of mind. The Bike comes as standard with Traction Control which allows for better acceleration control and cornering stability giving you confidence when riding. This bike comes with selectable power modes. Meaning you can flick between different fuel maps while riding changing power delivery to suit different riding conditions. A steering damper has been fitted to help calm the front end and give you more stability and confidence when pushing on. A Tail tidy has been added to the bike to give a more racing look and de-clutter to back end. A Hugger has been fitted not only for looks but to keep the dirt from the road hitting the paintwork. Top spec engine protectors have been fitted just in case the worst should happen. Saving your panels and wallet from taking a battering. A tank pad has also been fitted to the bike, these protect the paintwork from rubbing with the riders jacket. Being Fitted with Adjustable Brake and Clutch levers enables the rider to set up the bike as they want it. The bike has also been fitted with a performance exhaust, this allows more of a growl upon acceleration and also allows the throttle to be a lot more responsive. This bike has a digital instrument display making it quicker and easier to see your riding information while riding. A fuel trip computer comes with this bike, it tells you your average MPG and also many miles you have left with your current fuel
