Malvern View Country Estate, formerly Boyce Holiday Park, is situated in 145 acres of beautiful farmland, set around an historic former Elizabethan manor house and outbuildings. It is located on the Herefordshire and Worcestershire border close by an area of outstanding natural beauty, with unrivalled views of the Malvern Hills hence its name. A stroll around the privately owned grounds provides nature lovers with the opportunity to relax and enjoy beautiful idyllic views whilst walking the on-park trails, and with an abundance of wildlife including foxes, badgers, rabbits, pheasants and much more you'll never be short of things to see.

Located within the grounds are three beautiful coarse fishing lakes, stocked with carp, Rudd, roach, and Tench, available to Malvern View owners for coarse fishing. As our newest park we have plans to enhance the beauty that Malvern View currently offers, and are excited to welcome the park to the Park Leisure portfolio. Malvern View currently has over 30 different holiday homes for sale, both used and new. There has never been a better time to buy due to us running out of plots. We offer fantastic prices (starting from £20,000) and we offer a huge range of finance packages. Our Site fees are £2390 per year, that's for the use of everything on the park, water charges and a 12 month season, also we don't have any age limit on the park, meaning you can keep your Holiday Home here for as long as you like Site fees are £3450 for the lodge development.
