Harry is much loved and has to find a home no fault of his own due to not been allowed in other flat :(
Harry loves sleeping during the day then by half eight at night is your best friend , he is use too being let out handled and fed by hand he like too climb & explore .   I stress please don't put harry with cats !!!!!!!!!
He loves his treats & a peanut goes down well a day.His cage has two wheels tubes I also have a ball but he doesn't really like it . ;
