

# Chrysler Pt Cruiser automatic 2000 (600 GBP)

Location **South East, Surrey**

This cruiser is one of the first to be sold in this country and I have owned it from new. It has never been in a crash and has a full service history. It has automatic transmission, and expensive extras like chrome wheels ( a rarity nowadays ) and leather seats, which make it a striking looking car in exceptional cosmetic condition for its age. The timing belt was changed at approx 60K miles. It has an MOT until end Oct and is taxed until end Sept. It is running very well with the only problem being I have to top up the coolant level on a regular basis. I am not mechanically- minded, so don't know what the problem is, and as I have just bought a new car, I don't feel inclined to spend time and effort on it, so am going to leave it to a buyer with the know-how to sort out the problem whatever it is. Cash on collection please and you can drive it.
