GCSE Revision Questions 1

1. $y = 2x + 3$. Calculate y when $x = 5$
2. Solve the equation $3x + 2 = 14$
3. Solve the equation $5x - 1 = 3x + 7$
4. Solve the equation $2(3x - 5) = 7$

Want to pass your GCSE Math? Not too late. I offer crash course to help you pass. I am an experienced maths tutor in Egham/Staines area from Primary to GCSE level. I have a Computer Science degree with Mathematics minor. I have home tutored many students on Maths, Chemistry and Art. I have a unique way to explain things to students and work well with students who are behind their course work. I teach 1-to-1, so you can assured full attention and commitment from me. Unfortunately, I don't travel and I tutor from home. Currently I only take weekday evening and weekend sessions. Parents are welcome to have a cup of tea in another room. My rate is £25 per.
