The good bits; This car pulls like a train (has been used by us for vehicle collections). It has the top specification which includes factory fit rear entertainment with head phones, 7 seats, full leather, heated and electric front seats with memory, factory fit upgraded audio system with satellite navigation, 3 sunroofs, multi function steering wheel with cruise control, front and rear parking sensors, dual zone climate control with air conditioning, tow bar with electrics and much much more. Genuinely the best towing car we have ever had. The car is supplied with 12 months MOT, 2 keys, original book pack and is fully HPI clear. Dateless registration plate included (MEZ 8191). The bad bits- The wheels are somewhat shabby. Sometimes the screen for the radio doesn't work, however the radio still plays when this happens. Due to the lack of service history we are unable to offer our usual warranty with this car and is sold as seen well below recommended retail price. This is not the nicest Commmander you will find but with a little bit of TLC she has the potential to make a wonderful car. One thing is for sure this is the cheapest Commander you will find by far! Inspections prior to purchase are more than welcome. We are based less than 1 mile form M1 Junction 29a. Full dealer facilities. Part exchange welcome. Finance available.
