Parts which I have replaced
Front brake pads
Front passenger side suspension (had to get it done so quick before it got worse)
Front wheel bearing (heard noise when put to bump test)
Both front springs (old owner put wrong ones on).
Clutch changed at 80,000
Passenger side window switch (common fault).
Passenger side window regulator
Boot switch button (common fault).
Heater flap control valve (controls recirculation)..
Both front link bars

Fuel line from filter to tank

New battery

New key fob (old one looked horrible).

Any common faults linked to vectra have been resolved so drives spot on with no knocks or bangs

This car has wanted nothing from me the parts I have changed are for my piece of mind so a very we'll looked after vehicle

This car is ready to jump in and drive away

Car comes with mot until 29th October (will put fresh one on for right price

Car drives and runs perfect for age

Few age related marks

First to see will buy

Any inspections welcome
