Hi, I need a quote for a move from Boscombe to Westbourne. Moving date 29th July Moving from a flat with one flight of stairs to the other flat with one small flight of stairs (wide fire escape) I will have lots of boxes 2 medium arm chairs A king size bed (dismantled for easy removal) A medium sized fridge freezer Could be a washing machine (but that might be sold) Small coffee table The other stuff is small easy stuff like telly stand ironing board hoover. If you are a one man removal, I can have a friend help you. I do not want a quote by the hour, I would like a quote for job done (cash in hand) Someone who is reliable and won't let me down on the day. I work as a concierge for a large block of flats. So job done well I would recommend you to the residents..
