89 Daihatsu Charade G100 1 Litre Turbo

Very good original condition. Not quite concours but only an afternoon and a little pocket money from being there.

Mechanically sound. Always starts first time with no smoke, knocks or rattles. It's a true pleasure to drive. Sounds great. Doesn't lose or use any oil or water. Handles like a go kart. Brakes will stop you on a dime. It's a comfortable ride, surprisingly roomy. Gets serious amounts of attention wherever she goes. Full MOT May 2017, service history.

I keep her garaged and only used on the odd weekend but there's no reason you couldn't use her as your daily. Putting your foot down can be a little addictive (I think it's the sound of the turbo whistle and dump valve hiss, can't get enough of it!), would recommend a good sat nav with speed camera warning! This is the LAST ONE on the road (howmanyleft.com) so can only rise in value over the years. Perfect usable investment.

AA inspection and long test drive welcome. &#pound
