Hi After ordering these units to be made, I needed to move and sadly the units do fit in my new home. one unit has 3 shelves and a chunky 5cm top and the other unit has 2 shelves and a chunky 5cm top. The price is £120 for one unit, but I will sell both for £200. The shelves are deep enough and wide enough to house TV essentials such as the Freesat box, blu ray player etc. There is a little extra height for remote controls. The depth was again ordered to fit so that the units did not take up any more space than needed. I ordered these units because I couldn't find anything that looked right to fit in my room. I wanted the tech bits to blend in with my antique furnished room and the pine to blend with my very old pine. The units are very solid and much heavier than you might think so will need to be collected from me in Eastbourne. Sizes are: 45cmw x 30cmd x 60cmh. The gaps for the shelves are 26cm, 18.5cm high. The chunky top is 5cm. Sizes are: 45cmw x 30cmd x 60cmh. The gaps for the shelves are 8cm, 8cm, and 26cm.
