PC Laptop MAC Computer Repairs - South Manchester

Location **North, Cheshire**
https://www.freeadsz.co.uk/x-395279-z

PC, Laptop and MAC repair, custom builds, upgrades and more! Covering South Manchester and Cheshire we can quickly fix most issues such as: - Slow system performance - Virus removal - System Reinstallation/upgrade - Hard drive data recovery and replacement - Memory and internal component replacement and installation - Home network setup - Printer and peripheral setup and fix Where possible we'll try and fix at your site but will sometimes need to take the machine back to the workshop. When enquiring we'll advise of expected costs for labour and replacement parts where necessary. After collecting equipment we aim to have it fixed and returned within 1-2 days. We can also design and build a PC specific to your needs without the price tag of some of the high street stores - from a simple home PC to a media centre, gaming or Music Production system. Please email for a quick response. Thanks, The Computer Repair
