A beautiful set of BUNC coins to commemorate the 2016 Rio Olympic games. Included in the set are 16 x 1 Real coins depicting the events (2 show the Rio games Mascots) and 1 x Olympic Games London to Rio handover coin (this coin is extremely difficult to get hold of anywhere!) The coins are presented in an original Brazilian collector album with text info in both English and Portuguese. A very nice set of coins that would be an excellent addition to any collection. These coins are becoming more and more difficult to purchase and even the chance of buying direct from Brazil (where this set came from) is not so easy. Please message me for info on postage costs and methods. Thanks for.
